Additional Notes:

Designs are created free of charge including four hours of design work and 3 basic revisions/changes to the same design. If more than four hours of design work and/or more than 3 revisions are required or a new floor plan is given, customer may be asked for a good faith deposit. All designs are copyrighted property of CNS Displays and can not be shared with any other vendors and/or suppliers. CNS Displays will present the designs to the client via an online presentation tool, but the design files will not be sent to the client. An electronic copy of the completed design can be emailed to the client once a \$300 good faith deposit is made by the client. This deposit can be applied towards future purchases. The right to use the design will be transferred to the client when all or a significant part of incorporated products in the design are purchased, or the \$300 deposit is made. Please call CNS Displays if you have any questions.
