

Wall Mount Display Panel

The newest stylish display solution for shoes is finally here. These shoe display panels have a very classic yet innovative look while providing the necessary function that you have come to know and love from CNS. Each of the four available finishes provides a unique look that is unmatched by our competitors. The available acrylic finishes include Clear, Frosted-White, Polar-White and Glass-Look. If you really want to wow your customers you have the option of adding a stained wood panel available in Stained-Espresso, Stained-Cherry, Stained-Walnut and Stained Oak or 3 solid colors White, Grey, and Black. The standard nickel plated pins provide great display support for the toe and heel of most shoes, but the optional acrylic shelf is a great addition when more support is required. If you really want your shoes to get the attention they deserve than our optional lighting is a must have.
